stakeholders

- tribal members
- hsai temple
- rio hondo college
- nature for all
- hikers and local residents
- dept. of sanitation
- dept. of parks and rec
- project designers
- all future park users

desired activities

- education**
 - env science; landfill operations and history; tribal history; citizen science / monitoring
- stewardship**
 - tree planting events; invasive plant removal; trail maintenance
- passive uses**
 - hiking; biking; birdwatching; picnic
- meditation / mindfulness**
 - meditation walks; dharma talks
- performances / ceremony**
 - concerts; plays; seasonal celebrations
- continued community engagement**
 - feedback and education throughout construction and phases

approach

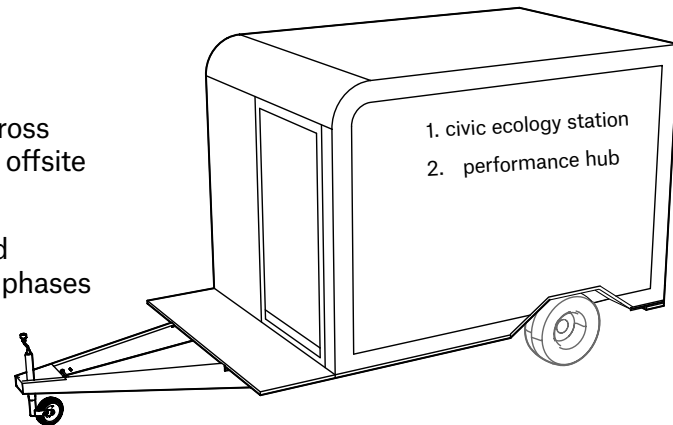

civic ecology

picnic

flexible theater

mobile landscape deployment

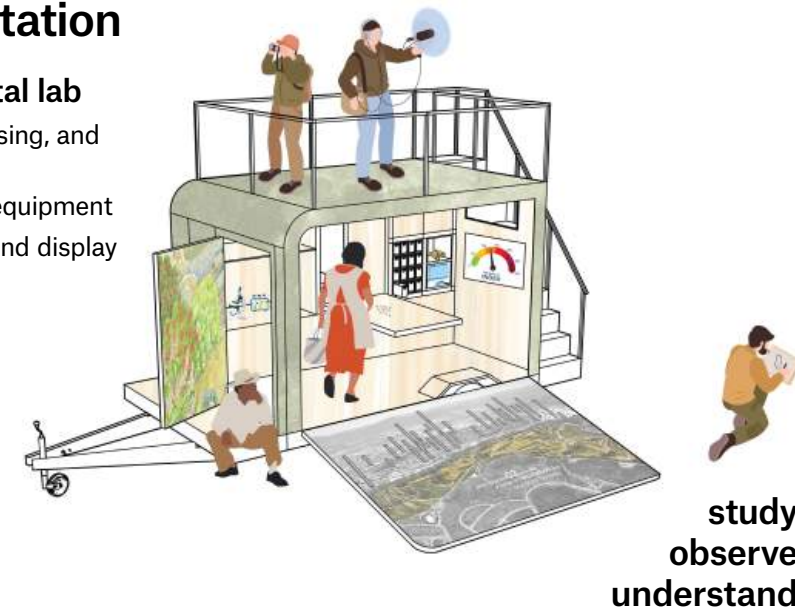

- completely customizable
- deployable across the site and at offsite events
- can be utilized throughout all phases of project

civic ecology station

mobile environmental lab

- seed collection, processing, and distribution
- soil and water testing equipment
- air quality monitoring and display
- birding equipment
- inaturalist displays
- educational materials

mobile environmental education

- education and engagement boards
- plant display and distribution
- tool storage for planting and management days
- water tanks for drinking and plants

performance hub

mobile stage

- platform
- speakers
- lighting
- deployable seating and tables
- storage
- branding
